

Understanding the Registry Patient & Caregiver Initial Login Instructions

Step 1: Open your email account.

Step 2: Locate and open the emails with “Medical Marijuana Use Registry New User Account” as the subject line. One email contains your username. The second email contains your temporary password. Remember your temporary password, because you will use it to log into the Registry for the first time.

Passwords in the Registry are case sensitive. Temporary passwords are in the following order: 3 capital letters, 2 lower case letters, 5 capital letters, a symbol and/or number(s). For example, ABCdeHIJ#1 (please note that the lower-case ‘L’ and a capital ‘I’ look the same).

**If you do not find the “Office of Medical Marijuana Use New User Account” emails, [click here](#) for additional information.*

Step 3: Click on the Registry link provided in the email. This link takes you to the Registry’s home page.

Home Login ← **Click [Login].**

Step 5: Type your username and the temporary password that was emailed to you in the correct boxes on the screen. The temporary password is case sensitive, **only valid for one successful login attempt, and must be used within 24 hours.**

Step 6: Click “Login.”

After you log in, you will be instructed to change your password.

Red arrows point to the 'Username' and 'Password' fields with the text 'Enter username.' and 'Enter temporary password from initial email.' respectively. A red arrow points to the 'Login' button with the text 'Click [Login].'

Step 7: Type the temporary password into the “Current Password” box (this is the temporary password that was sent to your email in Step 2).

Step 8: Create your new password. You need to add a password to your Registry account that is unique to you. It must be at least 12 characters long and must include at least one of each of the following:

- a) Lowercase letters (a-z)
- b) Uppercase letters (A-Z)
- c) Numbers (0-9)
- d) Special characters (e.g., !"#\$%&*+)

*You can click the eye icon (👁) to show what you are typing.

Step 9: Confirm your new password.

A screenshot of the 'Change Password' page. It features three input fields: 'Current Password', 'New Password', and 'Confirm New Password'. Below these is a 'Submit' button. Red arrows point to each field with instructions: 'Enter your temporary password.', 'Enter your new password.', and 'Enter your new password.' respectively. A red arrow points to the 'Submit' button with the text 'Click [Submit] once all requirements are met.'. Below the form, a list of password requirements is shown: 'Contains a lowercase letter', 'Contains an uppercase letter', 'Contains a special character', 'Contains a number', 'Contains at least 12 characters', and 'Contains no spaces'. A red bracket groups these requirements with the text 'Will change to green text as each requirement is met.'

Step 10: Click “Submit.”

Step 11: You will automatically be redirected to your Registry home page. A message box will pop-up stating that your password was updated.

Below the header, there are two menu options: 'Manage Your Information' and 'Log Out'. A red bracket groups these two options with the text 'Available menu options are visible once successfully logged in.'. In the top right corner, there is a green notification box that says 'Password successfully updated. x'. A red arrow points to this box with the text 'Appears when your password is successfully changed.'
